Opinion
1. We have audited the accompanying financial statements of Helmier Private Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2026, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view, in conformity with the Accounting Standards specified under section 133 of the Act, read with the Companies (Accounting Standards) Rules, 2021 and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its profit and its cash flows for the year ended on that date.
Basis for Opinion
3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.
Information other than the Financial Statements and Auditor's Report thereon
4. The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Director Report, but does not include the financial statements and our auditor's report thereon.
Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.
Responsibilities of Management for the Financial Statements
5. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards specified under section 133 of the Act, read with the Companies (Accounting Standards) Rules, 2021 and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
6. In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
Auditor's Responsibilities for the Audit of the Financial Statements
7. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
8. As part of an audit in accordance with Standards on Auditing specified under section 143(10) of the Act, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
• Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
• Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
• Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
• Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
• Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
9. We communicate with Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Annexure B to the Independent Auditor's Report of even date to the members of Helmier Private Limited on the financial statements for the year ended 31 March 2026
Report on the internal financial controls with reference to the financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')
1. In conjunction with our audit of the financial statements of Helmier Private Limited ('the Company') as at and for the year ended 31 March 2026, we have audited the internal financial controls with reference to financial statements of the Company as at that date.
Responsibilities of Management for Internal Financial Controls
2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI ('the Guidance Note'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the business, including adherence to policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable

financial information, as required under the Act.
Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements
3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.
Meaning of Internal Financial Controls with Reference to Financial Statements
6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.
Inherent Limitations of Internal Financial Controls with Reference to Financial Statements
7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.
Opinion
8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Disclosure of accounting policies, change in accounting policies and changes in estimates explanatory [Text Block]

1 Company overview

Helmier Private Limited, the 'Company' is a private limited company domiciled in India and incorporated on 03 September 2021, under the provisions of Companies Act, 2013. The Company is engaged in trading, distribution & manufacturing of Medical Devices & Equipments.

2 Basis of preparation of financial statements

These financial statements have been prepared in accordance with the generally accepted accounting principles in India ('Indian GAAP') under the historical cost convention on accrual basis. These financial statements have been prepared to comply in all material aspects with the Accounting Standards notified under Section 133 of the Companies Act, 2013 (the "Act"), read with the Companies (Accounting Standard) Rules, 2021(as amended) and other relevant provision of the Act and presentation requirements of Division I of Schedule III of the Act.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act. Based on the nature of activities of the Company and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as not exceeding 12 months for the purpose of current / non current classification of assets and liabilities.

The accounting policies adopted in the preparation of financial statements are consistent with those of previous year.

The financial statements of the Company for the year ended 31 March 2026 were authorised for issue in accordance with the resolution of the Board of Directors on 31 August 2026.

2 Significant accounting policies

a. Use of estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based upon management's knowledge of current events and actions, actual results could differ from those estimates. Any revisions to accounting estimates are recognized prospectively in the current and future periods.

b. Income recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

Revenue from sale of products is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. The amount recognised as revenue is exclusive of Goods and Services Tax (GST).

Revenue from sale of service comprises of service charges when services of equipment repairing are rendered as per terms of agreement and are recognised net of goods and service tax.

Interest income on fixed deposits is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head “other income” in the statement of profit and loss.

c. Inventories

Inventories comprises of finished goods, traded goods, components and spares which are valued at the lower of cost or net realizable value. Cost is determined on weighted average basis and includes all expenses incurred to bring the inventory to its present location and condition.

Cost comprises of purchase price and any attributable cost of bringing the inventories to its working condition for its intended use. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

The Company considers all the factors including nature of inventory, ageing, obsolescence and demand pattern for items in inventories and provides for excess and obsolete inventories.

d. Impairment of assets

The carrying amounts of assets are reviewed at each balance sheet date if there are any indicators of impairment based on internal/external factors. An impairment loss is recognized in Statement of Profit and Loss wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is estimated as the higher of the assets net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted at the pre-tax discount rate reflecting current market assessment of time value of money and risks specific to asset. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

A previously recognised impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation/ amortisation if there were no impairment.

e. Income taxes

Tax expense comprising of current tax and deferred tax, that are included in the determination of the net profit or loss for the period.

Current tax

Income taxes are accrued in the same period in which the related income and expenses arise. It is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the applicable income tax law. The current tax is calculated using the tax rates and tax laws applicable to the reporting period and, any adjustment to the tax payable in respect of previous years. Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction for relevant tax paying units and where the Company is able to and intends to settle the asset and liability on a net basis.

Deferred tax

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward of losses, deferred tax assets are recognised only if there is virtual certainty that there will be sufficient future taxable income available to realise the assets. Deferred tax assets are reviewed at each balance sheet date for their realisability.

f. Provisions and contingencies

Provisions are recognised when there is a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent assets are neither recognised nor disclosed in the financial statements.

g. Cash and other bank balances

Cash and cash equivalents comprise cash on hand, fixed deposits with banks, and other short-term highly liquid investments with original maturities of three months or less.

Other bank balances comprise fixed deposits with banks having a remaining maturity of more than three months but less than twelve months. Fixed deposits with a remaining maturity of more than twelve months are classified under other non-current assets.

h. Property, plant and equipment (PPE) and Capital work-in-progress (CWIP)

Property, plant and equipment, is stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any. Cost of acquisition or construction of property, plant and equipment comprises its purchase price including import duties and non-refundable purchase taxes net of trade discounts, rebates and any directly attributable cost of bringing the item to its working condition for its intended use.

Subsequent expenditure related to an item of PPE is added to its carrying value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing PPE including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the year during which such expenses are incurred.

Gains or losses arising from derecognition of PPE are measured as the difference between the net disposal proceeds and the carrying amount of the asset on the date of disposal and are recognised in the statement of profit and loss when the asset is derecognised.

Assets acquired but not ready for use or assets under construction are classified under 'Capital work-in-progress' and are carried at cost. CWIP comprises of direct costs, related incidental expenses and attributable interest. CWIP is not depreciated as these assets are not yet available for use.

The Company does not have any Intangible assets.

i. Depreciation

Depreciation on PPE is provided using straight line method as per the useful life of assets prescribed under Schedule II to the Companies Act, 2013.

Type of assets	Estimated useful life
Computers	3 years
Office Equipment	5 years
Furniture & Fixture	10 years
Leasehold Land	99 years

Depreciation on additions and disposals is provided on a pro-rata basis from the date of addition or up to the date of disposal, as the case maybe. Depreciation methods, estimated useful lives and residual values are reviewed at each reporting date.

j. Retirement and other employee benefits

Employee benefits include provident fund, gratuity fund and compensated absences.

Defined contribution plans

The Company's contribution to provident fund is considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made.

Defined benefit plans

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method (PUCM), with actuarial valuations being carried out at each Balance Sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested and otherwise is amortised on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the schemes.

Short-term employee benefits

Employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and are recognised in the period in which the employee renders the related service and comprises part of compensated absences paid on annual basis.

Provision for short-term employee benefits comprise of compensated absences. These are measured on the basis of year end actuarial valuation in line with the Company’s rules for compensated absences. Remeasurement gains or losses are recognized in statement of profit and loss in the period in which they arise.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

k. Leases: Operating lease

Leases, where the Company is the lessee and lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

Where lease rental payments are uneven over the lease period, the difference between the lease expense charged and the actual lease rental paid is adjusted through the "Lease Equalisation Reserve". The balance in the lease equalisation reserve represents the cumulative timing difference and is carried forward until adjusted over the lease term.

l. Earnings per share

Basic earnings per share is computed in accordance with Accounting Standard 20 - Earnings per share, by dividing the net profit/loss attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. For calculating diluted earnings per share the net profit/loss for the year attributable to equity shareholders and weighted average number of equity shares outstanding during the period is adjusted for the effects of all the dilutive potential equity shares.

m. Borrowing cost

Borrowing costs include interest, other costs incurred in connection with borrowing and exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to the interest cost. General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

n. Share based compensation/payments

The company accounts for employee share based payments using the fair value method.The fair value of the stock options issued by the company to its employees for services rendered by them is measured as the amount of fair value of the company's options as on the date of grant. For ESOP, the company has recognised cost based on the guidance note on accounting for employee share based payments, issued by the Institute of Chartered Accountants of India.

The fair value at grant date is determined using the Black Scholes model which takes into account the exercise price, expected volatility, option's life, the share price at grant date, the expected dividend yield and the risk free interest rate for the term of the option.

o. Warranty

The estimated liability for product warranties is recorded when products are sold. These estimates are established using past trends on the nature, frequency and average cost of warranty claims and management estimates regarding possible future incidence based on corrective actions on product failures.

The timing of outflows will vary as and when warranty claim will arise - being typically up to 12 to 36 months.

p. Foreign currency transactions and translations

The reporting currency of the Company is Indian Rupee.

(i) Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

(iii) Exchange differences

All exchange differences arising on settlement / translation of foreign currency monetary items are recognized in the statement of profit and loss and related assets and liabilities are accordingly restated adopting the year end rates.

Income recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

Revenue from sale of products is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. The amount recognised as revenue is exclusive of Goods and Services Tax (GST).

Revenue from sale of service comprises of service charges when services of equipment repairing are rendered as per terms of agreement and are recognised net of goods and service tax.

Interest income on fixed deposits is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head “other income” in the statement of profit and loss.
